Master of Science in Epidemiology - postgraduate, English language program

Checklist for Submission

Please send your complete application **as a single PDF attachment by email** to student services, tanja.te-gude@charite.de. Please title the attachment "**Name_MScEpi**".

Please note: full-time students have a very compact schedule. In order to be able to complete the program's 60 credits in 12 months, it is imperative that you have a clear research idea and access to scientific data that you can use for your Master's thesis. We will discuss your research interests in the application interview.

Documents to be included in the single PDF application attachment:

1. Completed **application form**
(If you do not have an electronic signature you can type your name)
2. **Curriculum Vitae (CV)** in English
3. **Statement of Motivation** (½ page) - why do you want to study Epidemiology and what are your career goals?
4. **Research Proposal** (maximum 2 pages) - describe a research area you might like to pursue in your Master's thesis (the topic can still be changed after enrollment). Please elaborate on
 - The research field you are interested in and your knowledge of it
 - Research goal or objectives
 - Data sources or data you would like to analyze in your thesis
5. **Transcript of Records and Degree certificate or Diploma** of all higher level education achievements (after high school)
6. **Proof of English language proficiency** at B2 CEFR standard (Common European Framework of Reference for Languages), i.e.
 - TOEFL 87-109
 - IELTS levels 5-6
7. **Scan of your passport or ID**

We look forward to your application!
